The Lady:

Arrived at 11.30 to find all girls taken except Alex, a Spanish girl. There were 5 girls working and there seemed to have been a rush just before I arrived. So I and one other punter hung around for ages chatting to Alex in broken English. Alex is in her 30s, with a horsey smile, slim body. Not helluva pretty.

The Story:

This was a standard punt - nothing else. I only filed the report to let anyone out there know of the biggest pair of nipples in Scotland right now. You should see them! I almost burst out laughing when they appeared as she has a small chest and they looked kinda out of place, but I guess it takes all sorts... They are a real mouthful.

No kissing, oral was with a condom, no touching pussy. She offered a repeat (for extra dosh) but I declined. Was keen to leave. Not up to the usual Scorpio standard.
