The Premises:

The address was very hard to find and parking was difficult. Nice building, lovely flat, but NOT a nice area.

The Lady:

Nothing like the top 2 pics on the various websites I've seen her on. I think the bottom 2 are her, but either taken a while ago or she's had a couple of kids in quick succession. Nice face, tanned, but midsection pretty saggy.

The Story:

When you get to the front door, you have to punch in the flat number, which flashes up in HUGE red lights. This isn't much fun when 5 workmen are standing there sniggering and going "oh yeah, going to see Sarah are you?" (They actually said another name, which I haven't printed in case it's her real name..) Got up there, nice place, all looking good. I had phoned on the offchance, and we'd agreed since it was 45 mins to her next appointment, I'd have 30 mins. Was seriously horny, and looking forward to the girl I'd seen on the site. When she came up she was friendly, but informed me it would be 150 for 30 mins. I'd expected 100 from the website, but couldn't argue as I didn't have the laptop with me... Was dying for relief so just said could I have 20 mins for 100. She looked totally bored through the whole quick punt. Very disappointing.
