The Story:

Jerry was one of 2 girls I had booked with Max for our London Xmas trip for a 2 hour session with myself and the wife. All details had been confirmed by email. Jerry turned up on time and is an attractive girl. After introducing her to the wife I gave her the envelope with the necessary and we sat down to share a bottle of the fizzy stuff. She announced she had forgotten to bring any condoms (!!)but as I had a backup supply we carried on chatting for 20 minutes and all seemed well so I suggested we 'move to the bedroom'. She asked to use the bathroom (as they do) and I stripped down ready for action. She reappears fully dressed and announces she doesn't 'feel comfortable' (presumably with the idea of seeing a couple) and that's the end of that!!!!...off she goes into the night leaving us feeling extremely deflated . An expensive flop given that we were paying ?175 a night for the apartment. Obviously Jerry is not suitable for m/f couples but her failure to bring condoms and ability to turn from apparently 'comfortable' to 'uncomfortable' in the blink of an eye does not bode well for the solo male either.
