The Story:

I have been looking on the net at several girls, and just had to bite the bullet and go for it, and am so glad I did. She was amazing. She could see that I was nervous, and put me at ease straight away, and from then on in, I had a whale of a time. We had the normal small talk on the sofa before she suggested we retire to the bedroom, the normal meaningless massage, and then she revealed her more than ample charms, - fantastic. As she doesn't do A Levels, (I knew this), then as I don't get along with condoms, lots of oral was on offer. To be honest, I was more interested in giving the oral, as such a lovely package was presented to me whilst lying down, I couldn'y stay away from it, and I think she enjoyed it as well, at least, I hope she did. Juliette seemed to feel guilty, as it seemed like all the attention was in one direction, but this was as a result of me enjoying myself so much arousing her, after all, I was there to enjoy myself, and did !! I will surely return, sooner rather than later
