The Premises:

OK typical of this kind of place but I felt safe. There was a shower in the room which I made use of. They appear to use massage benches or tables here instead of beds.

The Lady:

Young pretty, voluptuous blonde with a nice tan and glasses.

The Story:

Started off with a good finger tip massage with tickling in the right places. She then asked me what service I would like with my massages meaning oral with or sex. I wanted both so it cost me ?10 on top of my initial ?35 which I thought was Ok.

She then started O with which was quite good. I then had a go at her sucking, licking and playing with her fabulous tits. She then let me go down on her for a while which I think she enjoyed. I then had a go at shagging her in various positions until I couldn't hold back any longer.

A great session and I will see her again sometime.
