The Lady:

Sam is just like her pictures, but what breasts! They are natural and quite fantastic! And I like her bum! As she says her breasts and bum are her best features.

The Story:

We had a great night together. Sam sounded great on the 'phone when we set up this visit and was just as good 'in the flesh'. She is an easy person to talk to and immediately put me at my ease. She was very appreciative of the arrangements I had made for her - take-away Chinese etc. She is very physical and sensuous - I wondered how we would fill the night, but we found lots to do! Overall a night I will never forget.
