The Premises:

Medium quality hotel in Birmingham.

The Lady:

A naturally very pretty girl, 20/21 years old, 5ft 7in tall, and a shapely 32C. In general; quite gorgeous.

The Story:

Susie is very security conscious, and wanted to meet in a local bar first. My nerves soon disappeared as we chatted away over a drink. She is very good company and can chat happily about any subject, and was not phased by the prospect of being with an older (50 year old) man. In hotel room, we chatted a bit more, and then she went to change in the bathroom. Wow! Just like the pictures on the website. Stunning!

I am not going into detail, but the things she mentions on her website, she does very well indeed!

One of the best GFE I have had.
