The Premises:

First time at WFB or Stunnas as it is called in the ads. Had been to Arabesque to see Mandy or Dianne but only Kirsty was available and though good-looking she looked bored. So I travelled the extra mile to Bell Lane, avoiding Arabesque Ladiz, the scene of an unhappy punt earlier this year. WFB has very good decoration, friendly receptionist made a coffee.

The Lady:

Victoria had just started an hour's punt and one girl was off sick. This left Simone who had 10 minutes still with a client. So I flipped through portfolios of pics and PN reports. When Simone did come down her figure was impressive, she was indeed a stunna. Puerto Rican girl. Very impressive bust. Nice legs. Website says 24 but can't tell. Face has a story to tell, but she has a good figure at first impression.

The Story:

We went upstairs and while I undressed there was a video running silently plus loud thumping dance music. Eventually Simone came in, started a massage and then complaining that the room was hot went for a glass of water. This took about 10 mins during which the excitement had worn off, being left alone with a boring video and the loud music. She came back and gave me a mechanical massage and a wank. Asked her to not make me come but I wasn't happy with the fact that I was being treated as just another punter. I would have spent a lot more if she'd been genuine, but despite her figure Simone came across as a con merchant. Just wanted to get out. Left about 10 mins early, didn't bother to ask for sex. I will probably go back to WFB as it seems a good parlour. But not to see Simone. She is listed as being a new WG. Well, sorry dear but you don't inspire me to spend any more cash on you. And as for those 34F tits, it was like fondling a lump of concrete. What were they carved out of? The M62?
