The Story:

So, what's a single guy to do when he needs a release from the daily stresses of life?

Well, after an exchange of friendly and humorous emails and phone calls, I found myself in a hotel room trying hard to stay cool. A text message told me Carlie was five minutes away, I went from Mr Cool to a total nervous wreck in an instant. Five minutes later and Carlie made her dramatic entrance, tall, elegant, dressed with style and with a figure to die for. Cue heart failure.

Luckily Carlie agreed to a drink in the bar, and over a chat she gradually helped me regain my composure. Over dinner she showed that she has a very pleasant and friendly personality and the time flashed by. Conversation ranged from Denis Bergkamp's fear of flying, the waitresses fashion sense, to possible methods of exterminating the pianist (sadly the pianist survived).

Back in the privacy of my room, Carlie seemed to inadvertently find herself stretched out on the bed wearing nothing but some very enticing lingerie and a very seductive smile. Feeling obliged to join her, I enjoyed being teased, kissed and caressed whilst being skillfully undressed and stimulated. I did my best to return the compliment and had a wonderfully tender and personal experience, confirming all my first impressions of Carlie (and yes, she definitely does have a figure to die for).

So, what's a single guy to do when he needs a release from the daily stresses of life? Easy, call Carlie!!!"
