The Premises:

Down a sidestreet central to the town, nice area. Parking a few minutes walk away. Not much to look at outside, but inside very nice - very clean, tasteful. With candles, incense, paintings, plus whips, etc. Felt safe.

The Lady:

Fairly tall, gorgeous curvaceous figure, fantastic boobs. Long dark wavy hair, beautiful face, piercing eyes, long legs, powerful looking, confident. Must be about 37. Wearing very low-cut black dress, showing off her legs in stockings and very high heels. Graceful

The Story:

I have seen a lot of dominatrixes over the years, but was still a bit nervous. She knew just how to handle me. Very sexy and in command, she seems to relish her power. I was given a safe word and told the rules of the temple. I was chained up, teased by her phenomenal tits just slightly out of reach, blindfolded and made to feel her wet pussy, then later I was spanked for looking at her when I should have had my eyes lowered. Nipple clamps on me at the same time as sucking her tits. She was strict but also good fun with a wicked sense of humour. Only rarely does she have sex, that's not what it's about. Highly erotic and exciting, but don't go if you are not submissive - being totally dominant is how she gets her kicks!
