The Story:

I have met Hayley socially before and it was a matter of time before I met for business. Luckily she was touring on a suitable date near to where I live. We met in the bar and chatted over a glass of wine before making our way upstairs. I mentioned my experiment with T&T so had my hands immediately tied above my head. She then explored my body and played with vibrating dildo on my arse while giving me covered oral.

We then shagged in several positions, getting very hot and sweaty in the process. Now with a lady so amply endowed there was only one choice in how to culminate this liaison and that was breast relief. My small dick was totally enveloped by those massive mummies and after a few minutes of massage I came with total abandonment between this tits.

Well that was it showered, chatted, and kissed and said are goodbyes.
