The Story:

My third visit, and it was great to see her again. We kissed warmly and closely for ages while undressing slowly, then laid down for more caressing and kissing. I worked my way down to her lovely, sweet-tasting pussy and easily licked her to a climax, with her long perfect legs clenched around my ears. Then I stood in front of her while she sucked me and fondled my balls. From time to time she took me deep down her throat, making me moan with exquisite pleasure. On with the condom then we did it in the doggy position. I leant forward to kiss her gorgeous back and shoulders as she rocked back and forth energetically to a second climax. It felt great. Then she sat on top of me, leaned forward and ground her pubes firmly against mine. This was great as it didn't stimulate me much, so I could last longer. Her gorgeous black hair cascaded down, making a warm intimate tunnel between our faces. She came to a shuddering third climax with the warmth of her face just inches away from mine. It was sizzlingly sexy & erotic. After a few more minutes riding on top of me while I gazed at every inch of her perfect body, she took off the condom and sucked me to a satisfying climax in her mouth. We kissed and cuddled and chatted for several minutes more. I walked out floating on air, and stayed that way for several days. She is fantastic.
