Walk-up opposits Devonport Dockyard. Plenty of people about, most of whom know why you are there but no-one seems bothered. Small room with 'proper' massage couch.

The Lady:

Dark hair, probably early 30's nice breasts and bottom and fully shaven.

The Story:

Started with a quite passable back massage, during which Nicola told me that it was a 'fully inclusive service' and I just had to say what I wanted. I have trouble doing that - I like to see how a session develops and go from there. I always hope that the lady will enjoy it as much as me and, in this case, that's probably what happened but more about that later!

Then it was turn over time and straight to my cock. Once it was sufficiently erect, I was offered oral and on went a strawberry flavoured condom, Nicola took off her clothes except stocking and boots and gave me alternate mouth work and hand relief. I was able to touch and suck but that's as far as it went and I came by hand relief a few minutes later.

Apparently the parlour isn't all that busy and, sorry to say, I can see why. I had paid for 45 minutes and, after 'waiting time' I had rather less than half an hour. For those who are OK with production line sex and want a quick wank from an attractive girl, it's OK, but it isn't a GFE and I don't think it was particularly good VFM either.

Nicola also does outcalls.
