The Lady:

Amelia is an extremely attractive, tactile and very slim lady with small but sensitive breasts and a captivating smile. A real gem.

The Story:

This was the second time that I have met Amelia and I am sure that it will not be the last. We enjoyed a leisurely glass of wine in the bar, while we caught up with our news, before retiring to the room.

Amelia likes to take things slowly with lots of kisses and cuddles before moving onto the main event. She is patient and tries her utmost to ensure that both partners get full enjoyment.

She is not a clock watcher.

I left Amelia, reluctantly, completely satisfied and with a broad smile on my face.

Treat her gently, push the right buttons and you are sure to enjoy a pleasant experience.
