### The Premises:

Street parking available nearby - seemed reasonably safe. Slightly exposed entrance, into an entrance corridor

### The Lady:

As stated many times elsewhere - very attractive IMHO, now blonde. A little older than some in the Manchester parlour scene I guess, but in my opinion all the netter for it.

### The Story:

I don't make a habit of submitting repeat reports, but for Patrice I make an exception, especially since I rarely see anyone else now. Of course YMMV, but for good conversation and intense sex with an attractive lady, I don't think she can be beaten. This particular session was especially good for some reason, deep vigorous OWO to completion - then her turn for some reverse attention, which always seems to be appreciated. Second round was some of the most intense, energetic, sweaty screwing I've ever had the good fortune to experience, in a variety of positions (reverse cowgirl in the chair was particularly nice), culminating for me in a climax that I thought might send me to my grave a little early (it was that good!)

I can understand that some people just might not "click" in some occasions, but for me Patrice must come close to the best there is, and it's no accident that she so regularly appears in those "who's the best girl you've ever seen" threads on discussion boards.

It only remained for her to see me out in her usual charming way, and for me to stagger back to the car in the vain hope of actually doing anything useful at work for the remainder of the day.

Of course I would like to keep her for myself, but to be fair, definitely worth a visit if you haven't seen her before.
