### The Story:

I am getting on a little so look for slightly more mature girls and wow is Amber beautiful. I make a rule of not saying what went on in private-suffice to say we had a brief chat like old friends before an all too brief but very passionate time together. Amber told me she was new to the business but boy does she know what she wants and i was only too happy to oblige. Two orgasms later and i just wished i had booked for longer-i promised you a much longer session next time Amber and i keep my promises.....
