The Premises:

If I hadn't visited VH before, and therefore known of the delights therein, I might well have been put off by the welcome, or rather the lack of it, on my arrival. First it was the ubiquitous but ghastly "You alright there?". I would far have preferred "Good afternoon Sir, welcome to Victoria House. Do you have an appointment?" I didn't actually have an appointment so was told who was available and when. However, the manner in which all this was delivered was decidedly frosty. However, I tried not to let any of this put me off and chose to see Laura.

The Lady:

Laura is very friendly and full of fun and cheekiness. The theme of the week was Wimbledon so all the ladies were dressed in tennis gear. Laura could by no stretch of the imagination be called slim, but she has a superb pair of boobs. Her bra cup size is EE.

The Story:

Unlike many WGs Laura has trained in therapeutic massage so that's what you get for starters. It's firm and effective, indeed it almost knocks the wind out of you! After this Laura reaches for the bits that aren't massaged in a therapeutic-only session, and things progress from there. She also uses those wonderful boobs to massage you and, of course, you get to have a good feel of them. The room we used now has a swinging chair suspended from the ceiling which is different, I must admit.
