The Story:

Initially I opted for another girl who was on, but she "was having trouble with her teeth" and couldn't do oral that day - ahem. Asked for Abby instead. I paid for the full service, she got the massage out of the way with some friendly chit-chat and soon had me hard enough for the waterproof. After 2 expert sucks with her making great eye contact, I decided I wasn't going to last a minute, so I asked about cum twice - it was ?80, but you only got the 30 mins. Anyway, she got on with a really superb covered blowjob, and I surprised myself by lasting much longer than I expected before shooting. Rather than stick her hand out for the extra cash as most WGs would, Abby warned me I only had 10 minutes left, and gave me the option of calling it a day rather than going for the second attempt, which I took her up on. No hurry to finish up after that, a lovely girl.
