### The Premises:

Flat 15-20 mins from sloane square. Whilst the place is easy to find, it is quite a walk from the station. Shared with another girl.

### The Lady:

She does not look anything like her picture, and did not find her attractive at all. Picture suggest she is petite but, body isn't very fit. Website pics are very flattering, if it was not for the tatoo on her back one could easily think she is not the girl advertised. She is registered with various agencies and can also be found under the names of Jazmin and Jasmine.

### The Story:

When got to her flat I got greeted by her flatmate, Rosana from same agency. Although, I immediately knew she was not the girl I had asked for, she is very attractive and looked so sexy that I was not going to complain about it. Unfortunately, she lead me to Violetta's room and from there all went down hill. When I saw Violetta, I immediately knew I had made the wrong choice, I was very disappointed and did not fancied her at all. At that point for the first time in the last 9 years or so I have been punting, I hesitated call it off. I felt trap, I would have liked to call the agency and swap girls and go for her flat mate instead, but I am not that undelicate. I handed over the money, thinking may be she is horny like hell and can make up for the look. While she calls the agency I undress and lie on the bed. She then undress too but sit on a chair and start chatting. She tries to make up a conversation and clearly would do anything not to fulfill her part of the deal, after 10 mins or so of a pointless conversation (she has a bit of a troubled life) she then came on the bed and start giving me the most uninspired hand job. After a couple of minutes of this masquerade I decided to end her misery and claimed to be very tired and dressed. I guess she tried to make it up to me by engaging again conversation but I cut it short and left.

I called the agency straight after, but the lady on the line could not care less for my story. As far as she is concerned the agency has delivered the goods, technically it is true that they have arranged the meeting with the girl of my choice (she also claimed that the pictures are three month old, if that is true the photograph is a magician or is it digital photography breaking frontiers in making people

look good). Nevertheless, I really felt cheated, no compensation proposed. I will never use this agency again as I did not appreciate the way they handled my complaint. ?200 down the drain, I am more upset with BabylonGirls than the girl. Brazilian she came to London it did not work out for her and now try to survive, this experience is disturbing and about to put me off punting ever again...
