The Lady:

Susie's web site is very discrete and her gallery is limited to shots from below the mid-rift and concentrating on her lovely legs. However I can report that Susie is a comely flaxen haired blond in her early twenties with a lovely figure complete with very nicely formed breasts. (As a connoisseur of breasts I very much appreciated them).

The Story:

Susie seemed an intelligent and articulate young lady who enjoyed a glass of white wine. For transport she used a driver and is security conscious ? and why not. She arrived late but phoned ahead to say she was on her way.

Just as suggested on her web site there was lots of kissing & cuddling leading to love making to make a very good GFE.
