The Lady:

What a woman, she is tall, has legs that go for miles and a chest to die on. She is attractive, intelligent, and candid. A free spirit who has claimed her right to be so.

The Story:

Warm and welcoming and straight to it entered room with lovely light blue dress already for action and ready to slip off. Not that it needed much slipping ! However, those red shoes, joyous things and sooooo sexy on the end of those great pins.

Massage for me, loves to tease and loves to please, massage from me, I believe she loved every minute, and will not be letting any of the others know how spoilt she'd been for a good 25 mins... Back first very appreciative, front next all with oil after initial talc lots of attention to all the right bits. Warm, close and intimate.

Her BJ technique is so impressive, best I've had in ages the girls knows her way around that part of the male anatomy all right. Her on top and then finished me between her wonderfull breasts so large firm and smooth an absolute joy. Thank you.

She is a great person, understanding, thoughtful, and I certainly enjoyed my time with her, treat her in which ever way she wants, her spirit will determine what's best. Be led I was.

Once again thanks and here is to the next time.
