The Premises:

Fourth floor, multi-bedroom flat, obviously shared with other girls. Bathroom was filthy. On busy street in an extremely safe area near Liecester Square.

The Lady:

Young Russain girl with large, beautiful breasts. A bit of baby fat around the middle. Heavily dyed red hair. Photos are accurate, but the photographer was very taleneted.

The Story:

This was an occasion when I wish I had listened to my intuition rather than my gonads. I called the agency I usually use, but they had no girls available at a convenient time. So I decided to try Barracuda; their girls had gotten good FRs and I was particularly enamoured with Ann's breasts from the photos.

When I rang the bell, Ann said over the intercom that the agency had not informed her I was arriving. After about 15 minutes and calls to the agency, she decided I could come up ... but I knew she was not happy. Despite this, we started off well. She is a good kisser, lots of deep tongue. She quickly began a good, deep BBBJ, and I quickly returned the compliment. We finally got into a 69 position and after several minutes, I came (after warning her).

Maybe she does not like CIM (although I did warn her I was about to come), but Ann's mood suddenly changed. I tried talking to her about Russia and life in London while I recharged (there were 40 minutes remaining), but she became sudden and silent. She admitted that she was bothered by the agency not telling her I was arriving. I tried to start Round No 2, but she showed no eagerness. I finally decided that you cannot force something to happen, got dressed and left. While I thought about complaining to the agency, the short time I spent with Ann was pleasurable; in fact her BJ was very good.

Ann obviously has the necessary talents to please a punter and her breasts are exquisite, but I would have been far happier to get an hour's worth of punting for my ?150!
