The Premises:

Debbies is well known to Punternet. I have been a couple of times before, a couple of years ago. The area is a typical South London street. It's not bad, but it's not a place where its pleasing to hang around if you're early. The flat is average to good. The waiting room is basic, but fine. The main room is definitely fine. Nice big bed, a chair to put clothes, and a very nice large mirror.

The Lady:

Lucy is pretty, with a nice light brown skin. She's about Brazilian, 5 feet 6, medium build, and medium sized breasts. She has a slightly larger bum, but that's a very pleasing thing, as in the South American physique.

The Story:

I haven't really got around to going to Debbie's, for a while, even though my previous two visits were fine. But it's got so many good reports that I decided it was time to return. I made a booking, a couple of hours ahead. When I got there, Lucy was running slightly late, but only by 10 mins, so not a problem. The maid was very welcoming, and readily offered a choice of drinks.

Lucy gave me a lovely smiley greeting, and a kiss on both cheeks. I sensed a good time ahead. In the room, she offered to undress me, but while she went back with the money I said I would lie in wait on the bed.

When she came back in - she was all action. She mentioned a massage, but then started stroking my cock. I began to explore her body, which is a delight to see. Lucy seemed to get warmed up quickly, and I could tell she was going to behave quite naturally and not offer restrictions about where to touch. I touched her clit while stroked my cock some more. We then went into a 69 which was great, and Lucy smelt absolutely clean and fresh. After enjoying this for a while we moved onto sex. Lucy introduced a kama sutra moment! She sat across me at a sideways angle, so she could pound up and down on my cock.

This was very nice, and quite different. I wasn't at the point of coming though, so we moved into the normal doggy position. This was where Lucy have a slightly larger bum just looked fantastic. So much more attractive, than someone who is stick thin. We had a great view of us fucking in the mirror, with Lucy's tits swinging away. I held on for a fair while, but eventually it all proved too much, and I enjoyed a pleasing climax.

Then this was where the talk of a massage resurfaced. Unusually, Lucy gave me a massage afterwards, which was nice and welcome. While doing this, Lucy mentioned that she enjoyed out time together, and maybe I should consider the longer ?70 session next time. I certainly would. Its always difficult to judge the first time, but I would have no hesitation spending more time with Lucy. After I came back from the shower, she was in the room, with a bottle of water waiting, which she said I was welcome to take away with me. A nice little touch at the end, of a great service. I had a fabulous Saturday afternoon, and a nice extended walk back through the park at Crystal Palace to the station. I don't know why I stayed away from Debbie's so long, but it really is one of those places that's nice to be, and certainly not in the radar of those who thinking punting must be an unsatisfying experience.
