The Premises:

Basement flat, nice enough, perfectly safe area and easy to park - good clean shower and clean towels. Smallish room but so what? I think there is one other girl working there, but everything was discrete, no other noises, etc. Greeted at the door by her wearing a very sexy not very much - all good.

The Lady:

Website photos are definitely her - cameraman, lighting and makeup were all good, but the real thing is still very cute. Very petite and light - hardly feel her sitting on you (except in a very good way!) Photos don't do her breasts justice - if you like small, firm tits you'll be in heaven. Absolutely fantastic nipples and a butt that fits your hand perfectly.

The Story:

Chose to go on the back of other PunterNet reports - I liked the half-hour option: why pay for a whole hour when you know you're just there for a quick punt, anyway?

As others have mentioned, she is a very good kisser - enthusiastic, and really rubs up against you. She also gives very good OWO - so much so that I had to stop her pretty quickly before it was all over. Had her straddle me and ride me for a bit, but then couldn't wait to get back in her mouth and blow my load. All in all exactly what I was looking for - cute and friendly, but without bullshit over-acting.

Her english is a bit limited - but only on topics other than the job in hand, so shouldn't be a problem for most of you! Very nice girl - it wasn't entirely clear from what she said, but I think she might be leaving soon - so I thoroughly recommend getting in there quick before she does!
