The Premises:

Marnie has a small place in a back street of Morecambe. It is very discreet with plenty of local parking.

The Lady:

Marnie is a mature scottish lady who is in very good condition for her age. Lovely big boobs and a great pair of legs.

The Story:

It has been a while since i visited marnie last. Despite this Marnie recognised me and gave me a hard french kiss whilst rubbing my cock. After showering and a rub down with oil Marnie allowed me to go down on her and stick my tongue inside her lovely arsehole. She then returned the compliment on my arse before sliding several fingers inside me. She then strapped on a dildo and fucked me in the arse, Marnie is obviously well practiced at this as it was quite painless. Marnie then pissed all over me having left the dildo in my arse. After another brief shower Marnie took me in her mouth to the point of no return where she made me cum into a glass. Marnie then poured the cum into my mouth before french kissing me and dribbling the cum down our chins. Fantastic
