The Story:

Helen is a legend on here, with a reputation that preceeds her. This was my second visit, the first being some three years ago. We had (covered) sex in the missionary position and she gave me fantastic OWO during the visit, but for me there was something lacking. We chatted, in particular about her family, but I found that I didn't really want to know the details in some cases (I should have said something but am too polite I guess).

In hindsight, I'm afraid that I should have accepted Helen's policy of not generally seeing under 40's. When I saw her previously, the encounter was mind blowing, but three years have definitely taken their toll here and I really think Helen is now more suited to the more "mature" gentleman. I know I risk the collective hatred of Helen's many admirers by saying this, but the industry has a time and age limit, and I think for the younger gent, Helen's time may be up...

Hence, she is certainly recommended to others, her oral and sexual skills are amazing, but she's just no longer my type. (Straps on tin helmet to await the flak!)
