The Premises:

Small ground floor flat, not far from Edgware Road tube. It was clean and safe down a residential street.

The Lady:

Mireille is a quite slim blonde, about 5'3 tall. She is in her late 30s and is French. She has nice C cup tits and shoulder length hair. She has a small patch of hair on her cunt, the rest is shaved smooth. Her cunt is quite tight although she can take a good sized cock up her in all positions. She can become very wet and her clit will swell nicely when you lick her.

The Story:

I've seen Mireille a few times now and couldn't resist another report. When I saw her we did anal, which is something she does not always do, so best to check. Her arse opens very easily and I think will take a big cock. I fucked her up the arse with her on her back and then with her on top, and then finished up the arse in doggie.

She has indicated to me that she will see me with another guy or a couple for some DP fun, or just mutual watching. Anyone interested in joining me please email me.
