The Premises:

Very, very small room just off the Cromwell Road - about equidistant from Earls Court and Gloucester Road tubes. Clean and comfortable but if your tastes run to sex anywhere other than the bed, tough!

The Lady:

While clearly being the girl in the website photos (she's on many other websites as well, usually as Holly but sometimes as Serena), the photos flatter. She's much more the girl nextdoortype, albeit deliciously curvaceous and pleasant on the eye. She looks younger in the flesh but less glamorous. No complaints really. Trimmed, not shaven.

The Story:

A mixed punt. OWO was absolutely tops - deep, skillful and highly stimulating. I got the impression that she may well prefer oral to completion rather than full sex and it wouldn't surprise me in the least if she does CIM (but best ask just to be sure). During reverse oral and sex she wasn't the most responsive of girls and, frankly, gave the impression of going through the motions - nothing you could complain about, just somewhat of a lack of involvement. Still, she felt and looked good, with plenty of french kissing throughout and not in a hurry to eject the old todger at the end.

Excellent English and filling in the gaps in some comments she made, I'd guess that she views escorting as a very temporary arrangement. Said she is leaving London in two or three weeks.
