The Story:

I initially booked Nikita for an 1 hour outcall to my hotel. She arrive promptly on time, dressed smartly. On opening the door, the first thing I noticed is that she is much prettier in person, than on the website. Nikita in person is not only beautiful, she came across as being very warm (which I was proved right later on).

Anyway, after the formalities of money was sorted, into the shower (the both of us) and right from the start, she aims to please. She washed me in a very sexy manner, paying plenty of attention to my ol' fellow who in no time was standing to attention!

The aiming to please continued into the bed, WOW, she was magic! All I can say guys is this girl, though sweet looking is a devil in bed! In 1 hour she made me ?pop? twice.

In between sessions, she is remakably easy to talk to and very intelligent. So much so that after the hour was over, I phoned the agency and asked if I could keep her for a dinner date.

We went down to the hotel restaurant for dinner were she proved to be excellent company for a tired old business man. Back upstairs and the devil came out!

This girl is very good at what she does. I have been with a few escorts in the past and though they play the game well, you know that you jare ust another punter. With Nikita, you actually feel that she wants to be your girlfriend. Highly recommened.
