The Premises:

Nicely furnished two bedroom apartment, close to rail and underground.

Very pleasant surroundings.

The Lady:

Three girls partying today. All beautiful, blonde and great fun.

Serene a slim beauty, wild and very excitable. Alice, stunning , enthusiastic and with a smile that shines like a beacon around the world. Lisa from Germany, drop dead gorgeous, very busty and great body to go with it, adorable eyes that promised much and she was certainly up to delivering.

The Story:

Eight guests present to the three girls meant enough people to ensure a good party atmosphere but still plenty of opportunity to spend time with the girls without a huge rush. Once the fun started waited a while for the rush to die down then wandered into the rooms. Encountered Lisa sucking off another guest so joined them. With a deft touch she reached out and started massaging my cock, after a while when it was good and hard the other guest slipped on a condom and took her doggy while she turned her oral attentions to me. Having been expertly encouraged the other guest soon came and it was my turn to slip on the condom and fuck her, this time with me on top. After a while we both came. With no one else around we had a good chat with each other before retiring for a drink and a nibble to eat. Spent a pleasant time relaxing and chatting with the other guests and Moss before being haranged by Serene who wanted some action so who was I to refuse. She introduced me to the famous love swing. Started with me on it while she gave me some oral. Then swapped over and with her legs spread exposing her beautiful shaved pussy, on my knees licked her out which she seemed to enjoy. Then fucked before climaxing together. Certainly recommend the love swing, great fun and cant wait to try it out again. Sadly didn't have time to see Alice, just time for a shower then a

quick drink and chat before heading for home.

Thoroughly recommend Lady Marmalade, great set up and just a great atmosphere with some very horny fun.
