The Lady:

Victoria is a nice young "girl next door" type. She has real red hair and a nice slim but shapely female body. She has an Irish/Scandinavian background which is interesting.

The Story:

If you are into sex then Victoria is your girl. She is a young bunny that is up to more or less anything. I could get very crude here but I won't. Just believe me when I say that you will be more than satisfied. You can put your little john thomas in all of her places and a few more besides. If you like she will dress up for you and she brings a whole suitcase full of outfits and toys to play with. You can go clear with Victoria to the point where you have had enough and you have that deep sense of satisfaction where all drive has gone and you are warm and relaxed.
