### The Premises:

A run down flat in a cul de sac in a mean part of Bristol. Seldom have I ever been as worried about parking my Cayenne.

Approaching the flat I must've appeared like some drug dealer coming to push some crack to the local addicts.

Inside, the surroundings don't get much better and are grim. Bathroom in dire need of refurbishment and bit of a stink inside the room. Probably due to her pet cat.

### The Lady:

A very slim girl in her 30's but could pass as in her late 20's or so. Quite long blonde hair. Pale complexion. Small boobs. Sort of an anorexic look about her. Said she wasn't on any substances. Seemed quite honest and reasonable.

### The Story:

Roxanne is a very friendly girl and though I didn't engage in full on sex for personal reasons, I had a good time. She took a spanking whilst on my knee and then I had her sit on the floor on her knees whilst I sat on the armchair fondling her boobs with one hand and wanked myself off with the other. In terms of environment and safety, a far cry from my usual standards but lacking nothing in friendliness and gfe.
