The Premises:

40's semi (at a guess) in a nice quite residential location, very well appointed - met by the smell of spag bog simmering in the kitchen - but wasn't invited to dinner - more's the pity ;o)

The Lady:

Early 30s (hope I've not over-estimated). About 5'2", slim fit body, I think she said 34B, but seemed more of a C to me - not that I'm an expert. Great personality, fantastic conversation, clearly well educated - everything that turns me on in a woman. I'm a bit of a bum man, Natasha's is lovely!!

The Story:

OK, here is the honest truth. There are many guys who want/need a quick physical fix and I am sure (being very professional) that Natasha would not disappoint you. I, however, want more from the experience to me an hour exploring each other, even if it does not lead to sex, is far more rewarding than a 20 minute shag (excuse crass language). Natasha, in my eyes, is the perfect professional companion intelligent, communicative, responsive, sensual her fingers perform miracles on every inch of your skin.

I was left 100% satisfied, but in need of more - so she will have to suffer my return. This is my first post on here, not being a 'regular', I hope it leads to increased business for Natasha - from guys who are genuine in their desire to find a sensitive, passionate and responsive partner. If you want quick sex - then I am sure Natasha will oblige, but you will deprive your body of one of the best experiences it will ever have by not taking your time and respecting this fantastic lady.
