The Lady:

I have been looking at her for a while but the photos on the website are a bit strange. I was very happy that I eventually went and saw her. She has the most gorgeous eyes and her tits are great, firm and silky smooth.

The Story:

I was a bit nervous about this punt as I had been checking out monique over the past few months and thinking about going to see her. Got in the door and straight away I knew I should have gone earlier, her face is stunning and these tits are amazing.

Got the cash out of the way and I asked her to undress in front of me. I think she felt a bit strange doing this but that just made it all the more sexier. Kissing was not full on French but just closed mouths. So I went down on her and then into 69. Her oral is good and we stayed in this position for a while. I opted to take her from behind, but she was a bit tight from this position for me, shame. On to regular mish and realised that she has the most fantastic muscle control. I explained the reason for changing positions and she said she would be less rough on me - how often do you hear that one guys? Anyways back into doggy and she is pulsing her muscles like a fist tightening, I could not hold out for much longer and there was only one place I was unloading. Flipped her over and dumped on her tits. Don't think that went down to well but it was a fine sight. No round two on the cards so clean up and out the door.

Good punt but could have gone for a round two - recommended just for the pretty face and the tits but a must see for the muscle control.
