### The Story:

Decided to visit Pearl after reading some positive reports.Rang and was immediately turned on by her voice which had a sexy posh tone...always gets me going.After getting directions,Pearl buzzed me up and was waiting scantily dressed looking sexy and we had a quick chat over coffee before moving to a lovely warm room warmly lit with a comfortable futon on the floor.

I won't go into details except to say...yeah right,doesn't that really piss you off when you get to that?Suck my bollocks.Pearl gave me an expert massage and quickly turned me over stroking my chipolata which had almost disappeared in the cold weather.I copped a sight of her dense undergrowth which looked like it was last shaved after the 1966 world cup.Fuck me,just buried my face in there and got lost.I was nearly going to ask for a compass to find my way out until she arched her arse wildly coz I slipped a sly tongue in where the sun don't shine.She worshipped my covered cock nice n slow,alternately sucking my bollocks in between both talking dirty while I watched in the big mirror at the end of the room.I then turned her around for doggy stroking her hair and rubbing her nipples from behind with her own cunt juice which was running down my chin.She was really talking like a dirty posh whore as I slowly slid my JT in and out of her jungle.I thought bloody hell,this beats stacking baked beans at tescos any friggin day and I held out for a while before crossing the point of no return shooting my wad deep into the amazon.

It was a nice time and Pearl is a lovely experienced woman who makes your time a memorable one however I always leave punts never feeling fulfilled for some reason.The excitement of sex with a complete stranger is an addiction which I can't shake.If the next woman is as hot and dirty as Pearl,those baked beans can pissing well wait.
