The Premises:

Very easy to find, just at the back of Earls Court Station. Although you might have to walk up stairs blind, cause I couldn't find the light switch.

The Lady:

Pretty, great smile, but very short(5'3). But what she hasn't got in height, she makes up for in breast size; mesmerising!

The Story:

Well this girl makes you feel at home straight away; she has a real friendliness about her that you don't get in most working girls. English is good enough for a decent conversation and she has an amazing smile on her face at all times.

The service can be described as a total girlfriend experience, although she doesn't kiss that passionately. The only bad points about this lady is she'll do OWO for about a minute then, quickly put the jonny on before you know it happened, so it seemed like CIM was out the question and it didn't look promising when I went to go down on her; Well I suppose some girls aren't in to that.
