### The Premises:

Basement flat in a nice area within a stone's throw of the station. Standard flat with en-suite. Very nice.

### The Lady:

As per the photos - long, dark brown hair, large bust, thin arms, etc. Perhaps a little on the plump side for some ( bit of a tummy ) and a good few inches shorter than claimed which throws the proportions out for me. One of those girls whose face lights up when she smiles ( as in the photos ) but sadly tends to frown a lot.

### The Story:

Bit of a funny one for me. On the one hand, her body was just what I like (and would have been perfect if she had been a tad taller) and at times I was amazingly turned on by it. But her attitude was a little off - she has a naturally 'dour' expression which is a put off, o was covered, kissing with closed mouth, no passion, everything had to be 'softly' done, communication was patchy at best (odd as she claims to have been here already for 9months). Perhaps we just didn't click and perhaps I am just upset that I found a great body but not the best attitude. Still, it wasn't \_bad\_ - just not great. Oh well...
