The photo???s on her website leave nothing to the imagination and are a true representation.

The Story:

Did the usual ???pleased to meet you??? thing very briefly then treated to a very deep snog before doing anything else and here???s where the problems start for me.

One or two things that Gina did during the session only served to put me off. Don???t get me wrong, it???s clear to see why she???s a big favourite because she???s very up front, very obliging, and has boundless energy. It???s just the way she does things that means I won???t be going back.

Kissing ??? I love the whole GFE but gina kissed so deeply using her tongue I can truly say it filled my mouth to the point that I nearly gagged on it on more than one occasion. It was an effort on my part to keep it back by fighting back with my own tongue. More often than not ending with me sucking her tongue.

Oral ??? another girl from the ???rip it???s head off??? school of blow jobs. On two occasions I had to ask Gina to be more gentle before she obliged. I don???t know how many other blokes prefer to have their tackle sucked inside out but I prefer the more gentle approach and surely it???s best to start that way and get rougher as things progress.

Dirty talk ??? again, not my thing I???m afraid and I guess this is where the art comes into it on the girls part by sussing this out by using what comes back in return. I didn???t join in with the dirty talk as there was more than enough of it. don???t get me wrong, I don???t mind it, but too much just sounds daft.

All in all, I wouldn't recommend that people don't go see her because she is as rampant as they come but, not my cup of tea I'm afraid.
