Really sexy and horny looking south american lady, big breasts and a curvy ass that latina girls have, really enthusiastic as well.

The Story:

Wanted to see someone else but she wasn't available so I picked the next person on my list. She offered a drink when I arrived, I really wasn't interested in the drink though just wanted to rip her clothes and screw the life out of her, soon enough she asked that we go into the bedroom and I was in there before her, came off kinda eager but then again I was lol! She took her clothes off and I thought that has to be the sexiest body I had ever seen, I lay on the bed and she proceeded to give me a bbbj which was good enough but she was in a hurry to shag so on with the condom and I got on top of her and started pounding away like a horny adolescent didn't take long for me to cum (I was that fucking horny, as soon as we both got cleaned up she asked me if I was going to fuck her till she cum's I thought to myself hell yeah, she gave more head and on with the condom then she got on top of me and we proceeded to have one of the most heated sexual sessions I have ever had and we did it in every possible way lol! and she kept moaning in Spanish which was sexy although I had no idea what it meant. When it was over I had a shower and before I left she gave me a kiss and nearly pulled the skin of my face, guess she was going to be in a good mood all day. I might take her out on a dinner date sometime just to see the look of envy on some guys' faces (although I think it's borderline crazy to pay a girl to eat lol). OH! but her English is almost non-existent and she has this annoying habit of calling you baby after every sentence.
