The Premises:

Nice enough flat in a respectful block in a respectable neighbourhood. Agency forgot to tell me how to gain access through the security system at the entrance of the block of flats and my attempts to work it out proved to be seriously flawed. Eventually I rang them to get the access code.

Bedroom was clean, tidy and reasonably decorated with a ensuite shower room.

The Lady:

Attractive bottle blonde, mid 20s, medium build, medium sized breasts with large aureole, closely cropped landing strip in the pubic area.

The Story:

First time with this agency - or any Central London agency for that matter since my hectic schedule during my trips into town makes it difficult to book ahead. This point was proved when my schedule unexpectedly changed but the agency was very accommodating and arranged for the time of the appointment to be brought forward to save me kicking my heels for an hour and a half.

Dana was selected because of favourable PNET FRs and also reviews on the agency's site which were proved to be well founded. When I eventually arrived at the flat after spending several minutes trying to work out how to gain access to the building, she led me to the bedroom and kissed me intimately once we got through the door. She offered me a drink and the cold lager she brought in from the kitchen was downed in one. The financial aspects were concluded and we resumed the french kissing as my hands ran over her body and homed in between her legs. At that point she offered me a wet wipe and asked me to clean my hands with them as I had handled banknotes. Sensing her need for cleanliness, I jumped into the shower to ensure that I was squeaky clean all over.

Back in the bedroom, the kissing recommenced until she broke away to deliver an excellent owo while looking straight into my eyes and playing with herself between the legs clearly enjoying the experience. After about 15 minutes I broke off and started sucking her very attractive feet which she plainly enjoyed as there were murmurs of delight as she played with herself harder. That was the

signal for me to replace her hand with my tongue and within a couple of minutes she moaned gently and then thanked me.

More owo followed then with 20 minutes left I asked her to put on a condom. She climbed on me while I played with her lovely breasts, then turned in the opposite direction. After several more minutes I asked to go into the missionary position and enjoyed a few minutes vigorously working out while banging away and french kissing her then with 10 minutes left I asked to be finished by mouth.

Off came the condom as she sucked vigorously until I gushed into her mouth. She went to the bathroom to spit and then returned smelling of mouthwash. She helped me dress and made pleasant and easy conversation through despite her repeated apologies for her limited command of the English language. "You look good" she said "I hope to see you again"

I left feeling at peace with the world as I do after a good punt. Dana's a lovely person who provides an excellent service and seemed to have enjoyed herself as much as I did - her prominent aureole were erect throughout.
