The Premises:

My first visit here - nice enough big room with shower in the corner, large mirror at the end of the bed and tv playing hard core porn in the corner. Safe enough area - certainly in the daytime.

The Lady:

Quite big lady, described as a black brazillian (think she was) with a typically largish latin bum and smallish boobs. LOTS of black curly hair up top - shaved down below. Sorry can't remember her exact name but the description should do it. Reasonably good looking but was told she was size 10/12 - I specifically said "is that true, she's not size 14 is she?" Told she wasn't, surprise, surprise she is a size 14.

The Story:

Started with a real high quality massage which was very relaxing it has to be said and makes a refreshing change from the usual quick disinterested shoulder rub. Was offered OWO for 20 quid extra but I was only carrying a tenner extra so on went the cover for quite a nice, relaxed BJ - really quite lucious. Anyway into mish for a straight forward service - not brilliant but perfectly acceptable especially following such a good massage. If you like your ladies a little larger than the waifs (not too big by any stretch of the imagination but I do tend to go for the waifs) then you would have a perfectly reasonable time with this lady.
