The Premises:

OK. Safe area near Chandos Road. Fairly clean first floor flat. Basic facilities. Apart from room the rest of the flat stank of fags. a new location for girls in Redland - not been here before.

The Lady:

Probably lady in pictures. Quite petite, not the prettiest in the face department but she has pert tits and a great ass. One small tatoo and if I'm not mistaken some old cigarette burn scars on arms, but not sure. Not the most 'looked after' vibe I've got from a WG if you know what I mean.

The Story:

Got straight down to it. Paid for 1/2 hour to include anal. Her oral technique wasn't quite my cup of tea (a little too tight and 'teethy') so put a stop to that. After putting condom on did it in doggy - she stuck her ass right up in the air - a great view. Did it nice and slow and she took it all. After a few minutes she lubed us both up and I took her ass, again in doggy. Although she said 'gentle at first' she was soon taking it all and I experimented with quick hard bursts and with slow long thrusts - taking it out and in like they do in porn films. Decided to cum up her ass (cim is offered). Cleaned up and left. Not really a GFE as she suggest on her website but I'd gone for a half hour quickie including anal and she realised that.
