The Premises:

Due to short notice (my fault!) Gena's normal place wasn't available so she had to organise somewhere else. It wouldn't be my choice of venue but once we met up at a local hotel and I'd followed her to the house I wasn't going to back out.

The Lady:

Gena is an incredibly slim girl of about 5 foot 4 in height with shoulder length blond hair and a very attractive face. She has a sexy eastern european accent and certainly seems 'up' for it.

The Story:

She was everything that her web site suggested but what surprised me was that she was so much in control. She stripped off almost immediately and wanted to get on with the action. She had my cock in her mouth before I was hard so it was really good feeling myself harden inside her mouth. She sucks cock really well. Then it was into a 69 (her suggestion) so off came the panties and her clean shaven pussy lips were soon being teased by my tongue ... she continued to give my cock a good lick and a suck. Then she got the condom on me and jumped on top for a good ride. Watching this slim eastern european ride my cock was a very horny sight. Then she got into doggie and I got my cock inside her she has such a small arse. She wanted me to fuck her hard ... so I did. Then she gave me a lovely massage which was followed by a second round of oral (again without the c) where she got me hard and took my second load in her mouth then disappeared to the toilet. I had a good time and I would return but not to this particular house. She assured me that her own place is much, much better and I don't doubt that it is (see previous punter's report). If you are into very slim woman then Gena will fulfill your needs.
