### The Lady:

Sally, around 38-40, could be more, solidly built but fit and well proportioned, average looks, not cuddly. Rachel, early 30s, much slimmer and quite a pretty girl. Soft and cuddly. Neither had much feminine poise, but I felt that they were well intentioned and straight talking. A bit disappointing though.

### The Story:

Well, first of all they were late. Then they seemed more interested in having a fag and chatting to each other, and discussing other clients and their inadequacies. Eventually we all got undressed and onto the bed. They each got themselves a vibe, and proceeded to work themselves up, with no interaction between them and only token with me. I enjoyed fisting Sally (her best feature, a very big attractive cunt!), and playing with Rachel's very soft and sweet cunt. Eventually each had an orgasm. Then they turned on me, and Sally worked my old man mostly with a vibe of some sort. But satisfaction came when Rachel positioned herself in 69 (her cunt is so sweet orally) and gave me a most lovely handjob, just so right, when Sally was briefly out of the room. There is something sexy about this girl, and I wish she was not led by Sally who is altogether cruder in her style and manner. Rachel would do well not to emulate her. I wish she would work on her own! Sadly there was little pretence of "romance", and although my lust was slaked, at the end of it all I felt a touch diminished frankly. Not my worst or best punt, but then I have had some girls who are totally delightful in every way, and very marriable (!), and I have been spoilt. Make a note: must keep my standards up!
