The Story:

This was easily the most disappointing experience I've ever had at the London Retreat. Angelina is, like most of the women who work there, very attractive. However, she seemed barely fluent in English, which is a major problem when someone is hoping for you to understand the nuances of their deepest sexual fantasies! Every time I've ever been to this establishment, it has been for female domination, so when I told Angelina that I wanted her to roleplay as a schoolgirl bully, I thought she understood, especially as she said "Ok, schoolgirl, good." However, come the actual session, it became clear that having heard the word schoolgirl, Angelina assumed I wanted her to be submissive. This led to the first ten minutes of the session being occupied by us both sitting on the bed waiting for orders from each other. While this establishment is still fantastic, if roleplay and communication are important to you, visit on a different day.
