### The Premises:

Small flat 5 minutes from Paddington station. Small room with attached shower cubicle - relatively clean though quite 'cosy', she shares with another girl and the door wouldn't stay shut without a stool against it. Only problem was the bed - two singles pushed together so good for vanishing down the middle.

### The Lady:

It's obviously the same woman, though she's changed her hair a little, perhaps a darker shade. She's also carrying more weight, around her thighs and breasts - though not unattractively so if you like bigger women. Agency didn't pass on my message about casual wear so she was dressed in underwear and heels.

### The Story:

I wasn't going to post this report as Ania was removed from the webpage soon after - but I now notice she's back.

This is a hard one - Ania is quite a nice girl, who speaks reasonable English and was easy to talk to and make conversation to. Sex was good and relatively energetic, oral was okay though I got the idea that CIM was not on the menu.

The main problem for me was VFM, I'd have expected a nicer and more comfortable venue for at this price bracket. She's also sufficiently larger than her photos that they could be a bit misleading - again not unattractively so. If you are a fan of the more buxom woman and you don't mind the caveats above then go for it. I personally would try someone different next time.
