### The Premises:

Awful - looks OK from outside - but an overpowering smell of gog wehn you enter

### The Lady:

Claims to be a lady of 52 summers - but there have been some seriously harsh winters!. Figure has gone - quite honestly the stockings and suspenders look ridiculous. Too much makeup made her look even more ridiculous.

### The Story:

I read a review on here that stated this was an attractive mature woman who tries hard and gives value for money. Well she does try hard and you cannot question the fee but - Christ guys, lets be honest here!

Lets at least give an accurate picture od what is on offer. I know this is the rough end of the market - but this is seriously rough.
