The Premises:

Luxury upmarket apartment in an upmarket area. Easy to find. Porter on entrance, but it is a large block and he didn't seem to be taking much notice of comings and goings. Apartment is well-kept and clean & tidy. Bathroom with bath/shower (and proper fluffy towels!).

The Lady:

If, like me, you are into the dark-haired, smouldering type (rather than the blonde couldn't-care-less bimbo) then boy are you in luck. Alexia is a truly stunning girl. Slim, full-breasted, and with legs that go on for ever. The photos on the website do some justice to her physical charms, but not to her genuine warmth and friendliness.

The Story:

A superb time with a warm and giving woman - a true GFE.

Started off with us both on the couch, with the kisses getting more passionate and she wrapping herself ever tighter around me. She slowly unbuttoned my shirt so that she could first stroke her nails over my body, and then kiss around my neck and then work her way downwards. At the same time her other hand was checking for the bulge in my trousers - by this time I was getting well and truly aroused. When she started trying to undo my belt I stood up to make it easier for her, and she promptly dropped onto her knees on the floor and started on my manhood.

Most girls seem to regard oral as a duty rather than something to be enjoyed - but not Alexia, who put real passion into what she was doing. Eventually, reluctantly, I had to stop her and we moved over to the bed. What followed was one of the most passionate and energetic encounters I have had in a long time, with Alexia seeming to sense my every need. In turn, I think she got turned on by my obvious arousal, and was as eager to be pleased as to please me.

When you get as aroused as I did, things tend to get a bit of a blur. They are also usually over all-too-quickly, but not in this case. After I finally, shudderingly came, we cooled off for a few minutes on the bed, before I realised the hour was up. However, Alexia wasn't exactly pushing me out the door, and was only too happy to let me have a shower and freshen up before I reluctantly took my

leave.

Will I be going back - what do you think?!
