Slim, blonde, pretty face, flabby small tits.

The Story:

A true CBSE (Conveyor Belt Sex Experience). Started by wanking off my still soft penis while looking elsewhere. BJ was a bit too forceful, nearly painful at times. Fucked her in a couple of positions while her mind was on clearly something else. As I was coming, she tried to push me outside her (why?).

Save your precious time and painfully earned money and do not see her. She just wants the dosh, but has no intention to do any work to deserve it.
