The Story:

when she opened the door i wasn't disappointed. took a gamble on this one cos she had some good reviews but bad ones too. she seemed very shy at first and insisted i have a shower although i'd just had one, at least she's careful. started the business with a fantastic blowjob but i told her i wanted to cum in her mouth and wanted her to swallow which she agreed to. this girl doesn't say no to anything but be nice to her guys, she's the sort of girl who'll do anything a guy wants to please him it seems. with a bit of a tit fuck in between i then put her on her knees & fucked her mouth as hard as i could by grabbing her head and shoving it back and forth, no objections from her. i came so hard deep in her throat while holding her head down that she choked and although she tried her best to swallow much of my cum ended up on her face and chest and she lay back to let me admire the view, i couldn't help but massage it into her body all over those wonderful tits! after a clean up she returned for round 2 which was more hard sex in various positions, her fave was doggy and i got a nice view of her unfinished tattoo above her ass, so pornstar! eventually came in that position to finish off. fantastic girl, treat her well but fuck her hard!
